

## Heliport Design and Construction

### Course Aim

The course is designed to provide participants with necessary knowledge, skills and attitudes required to design and construct heliport to meet the standards prescribed in ICAO Annex 14 Volume 2, ICAO Doc 9261 (Heliport Manual) and other related guidance materials.

### Who should Attend

Engineers, technicians, helicopter pilots, and personnel involved in heliport design, construction, and operations.

### Entry Requirements

- Minimum age:18 years
- Holder of successful Certificate of Secondary Education Examination (CSEE)
- Ability to communicate effectively in English

### Course Contents

- Overview of regulatory framework
- Site Selection and Heliport Data
- Physical Characteristics
- Obstacle Environment
- Visual Aids
- Heliport Emergency Response
- Heliport Inspection
- Aviation Safety and Security
- Aircraft Accident and Incident Investigation
- Practical

#### Course Duration

5 Working Days

#### Course fee

•Tanzanian: **TZS 600,000**

•Non-Tanzanian: **USD 600**
